The meeting was called to order at 5:30 p.m. by Judge Pendery. A moment of silence was called for by Judge Pendery, followed by the Pledge of Allegiance. Following roll call, a quorum was declared present.

Judge Pendery presented the minutes from the Fiscal Court meeting of June 4, 2003. It was moved by Commissioner Rechtin and seconded by Commissioner Verst that the minutes of June 4, 2003 be approved. All voted "AYE" and the motion passed unanimously.

Judge Pendery next asked if there were any public officials or citizens in attendance at the meeting who desired to address the Court. There were none. Judge Pendery recognized Luke Saladin from the Kentucky Post and Paul Carroll, a citizen in attendance, neither of whom wished to address the Court.

Judge Pendery then requested items of Old Business be brought before the Court. Ms. Williams stated that the first item of Old Business was the second reading for consideration of adoption of Ordinance O-08-03, which was read by title and a summary given. She explained that this ordinance adopts the uniform street addressing system for Unincorporated Campbell County. She noted that Planning & Zoning Director, Peter Klear, was present to answer any questions. There being no further discussion, Commissioner Verst made a motion and Commissioner Rechtin seconded, to approve the adoption of Ordinance O-08-03. All voted "AYE" and the motion passed unanimously.

Judge Pendery next requested items of New Business be brought before the Court. Ms. Williams advised that the first order of New Business was a motion to proclaim August 7-9, 2003 as "Sons of the Union Veterans of the Civil War, Ladies of the Grand Army of the Republic, and Auxiliary to the Sons of the Union Veterans Days" in Campbell County, Kentucky. She noted that the proclamation was requested by Bernard B. O'Bryan III, who is from Northern Kentucky and is the Commander of Nelson-Garfield Post 3, Sons of the Union Veterans of the Civil War. There being no further discussion, Commissioner Rechtin made a motion and Commissioner Verst seconded, to approve the motion. All voted "AYE" and the motion passed unanimously.

Ms. Williams next presented for first reading Ordinance O-09-03, which she read by title and gave a summary. She explained that this ordinance adopts Supplement 2003 S-7 to the Code of Ordinances of Campbell County relating to ordinances enacted from July 1, 2002 through January 8, 2003. Ms. Williams stated that no action was necessary on the Ordinance at this meeting and that it would be acted upon at the next Fiscal Court meeting on its second reading.

Ms. Williams next presented Resolution R-68-03, which she read by title and provided a summary to the Court for its consideration. She stated that this resolution adds "Kappes Drive" to the Uniform Street Addressing System for Unincorporated Campbell County. She advised that Planning Director, Peter Klear, was present to answer any questions. Mr. Klear noted that the approved Ordinance regarding readdressing included only County maintained streets, and did not include private streets. He advised the Court that the residents of this previously unnamed private drive had petitioned the Court to be included in the readdressing project, and that those residents would be responsible for erecting and maintaining a street sign and numbers on their mailboxes. He also advised that these residents were aware that the County would not be responsible for maintenance of the drive unless it is brought into full code compliance for a public street. Commissioner Verst asked if the opportunity would be available going forward to other residents in similar situations to request their street be included in the readdressing. Mr. Klear stated that residents living on private streets or drives in the unincorporated county would be more than welcome to be a part of the readdressing system. There being no further discussion, Commissioner Rechtin made a motion and Commissioner Verst seconded, to approve Resolution R-68-03. All voted "AYE" and the motion passed unanimously.

Ms. Williams then presented Resolution R-78-03, which she read by title and provided a summary to the Court for its consideration. She stated that this resolution authorizes the execution of a Contract with the Campbell County Water Rescue for funding for FY 04. She advised that County Administrator, Robert Horine, was present to answer any questions. Mr. Horine advised that after discussions with Water Rescue, amendments were made to the previous Contract to reflect increased fixed expenses, and that he recommended entering into this Contract. There being no further discussion, Commissioner Rechtin made a motion and

Commissioner Verst seconded, to approve Resolution R-78-03. All voted “AYE” and the motion passed unanimously.

Ms. Williams then presented Resolution R-79-03, which she read by title and provided a summary to the Court for its consideration. She stated that this resolution amends the existing contract with the Northern Kentucky Area Planning Commission (“NKAPC”) to create a Uniform Street Addressing System for Unincorporated Campbell County, at a cost not to exceed \$69,000. She advised the Court that Planning & Zoning Director, Peter Klear, was present to answer any questions. Mr. Klear stated that the original cost of this project was estimated at \$40,000, but that amount would not cover the complete project. The NKAPC has now establishing a ceiling cost of \$69,000, which Mr. Klear recommends accepting. Commissioner Verst noted he did not see on the readdressing list zip code 41006 (Butler), and asked if that zip code was a part of the project, to which Mr. Klear advised it was and, in fact, would be the first zip code to start with name changes. Commissioner Rechtin then asked if the cities participating in the readdressing would be picking up a portion of the cost of the project. Mr. Klear explained that the cost per city was based on the number of affected properties. Commissioner Rechtin noted his concern regarding the large increase in the cost of the project and questioned why the project was underestimated by almost 50%. Mr. Klear explained that technology changes and the scope of services provided had contributed to the increase. Judge Penderly noted that there had also been a problem with the post office not being willing to assist the County in its needs for the project, which caused the NKAPC to have to send people out in the County to obtain the information it needed. Mr. Horine explained that throughout the project, the NKAPC had been providing monthly invoices, detailing the time spent on the project, and those invoices had been reviewed very carefully. He advised that the County met with the NKAPC to request that a cap be put on the project since the costs had overrun the original estimate, and the NKAPC presented their proposal of a \$69,000 cap, although their costs would be over that amount. He stated that the partnership between the County and the NKAPC on this project has been a good one, and he feels the expense is justified. Commissioner Rechtin requested that staff find out the cost of prior readdressing projects in Boone and Kenton Counties. There being no further discussion, Commissioner Rechtin made a motion and Commissioner Verst seconded, to approve Resolution R-79-03. All voted “AYE” and the motion passed unanimously.

Ms. Williams then presented Resolution R-80-03, which she read by title and provided a summary to the Court for its consideration. She stated that this resolution authorizes the execution of an extension to the 2001 “Access Contract” between Campbell County Public Properties and Morton International, Inc. regarding monitoring wells on the property of the Campbell County Animal Shelter. She explained that Morton International was requesting that one additional monitoring well be installed, at no cost to the County, and requesting that they be permitted to monitor the wells until December 31, 2004. Assistant County Attorney Paul Twehues advised that he had reviewed the contract. Ms. Williams noted that the County would be requesting six months monitoring reports. There being no further discussion, Commissioner Rechtin made a motion and Commissioner Verst seconded, to approve Resolution R-80-03. All voted “AYE” and the motion passed unanimously.

Ms. Williams then presented Resolution R-85-03, which she read by title and provided a summary to the Court for its consideration.
